Dear Mr. Hess:

Please find enclosed the Draft Administrative Record (AR) for the Martha Rose Chemical Company site. The Draft AR includes an index and copies of the original documents which were culled from ENSV files. This Record has been assembled using the available guidance documents for Removal Actions. A copy of the index has been given to the Regional Project Manager and Region VII Counsel for review. This Record is in Draft form and must be reviewed by EPA for completeness. Please provide your comments as soon as possible for incorporation into the final AR.

If you have any questions, please contact Rebecca Thomas (DPRA), or me.

Sincerely,

Gary E. Parker
Regional Manager
